2020**

1 Login.php

```
<?php
class login extends CI_Controller{
    public function index(){
        $data['tittle'] = 'Login';
        $this->load->view['template/header_login',$data];
        $this->load->view['login/index'];
        $this->load->view['template/footer'];
    }
}
```

2

+ Options

				id	username	password	level
<input type="checkbox"/>				1	Admin	admin	admin
<input type="checkbox"/>				2	User	user	user

☐ Check all With selected: Edit Copy Delete Export

3 Model login_user

```
<?Php
function login($username, $password){

    //var_dump($username);
    //var_dump($password);

    $this->db->select('username,password,level');
    $this->db->from('user');
    $this->db->where('username', $username);
    $this->db->where('password', $password);
    $this->db->limit(1);//artinya data yang diambil hanya satu/1

    $query=$this->db->get();
    if($query->num_rows()==1)//jika data ditemukan
    {
        return $query->result();
    }else{
        return false;
    }
}
?>
```
